## SHAPES THAT SHAPE OUR LIFESTYLE!

The tailor made designs are made after proper research that matches the utmost level of convenient design. It overcomes all the flaws and comes up with perfection. There has to be a balance between the shape and size, based on this very aspect we create switches that is beyond conventional, multi-functional and superior to any other.

Designed by Professionals, for your ultimate electrical essential.  
Fire Retardant Material & Tested up to 3,00,000 times On/Off operations.  
Terminal contacts with Cadmium Silver inside for long life. Hi tech mechanism for long lasting & safe actions to assure for global safety.  
Long lasting LED Indicator.

# REINVENT YOUR SPACE WITH TIMELESS CLASS

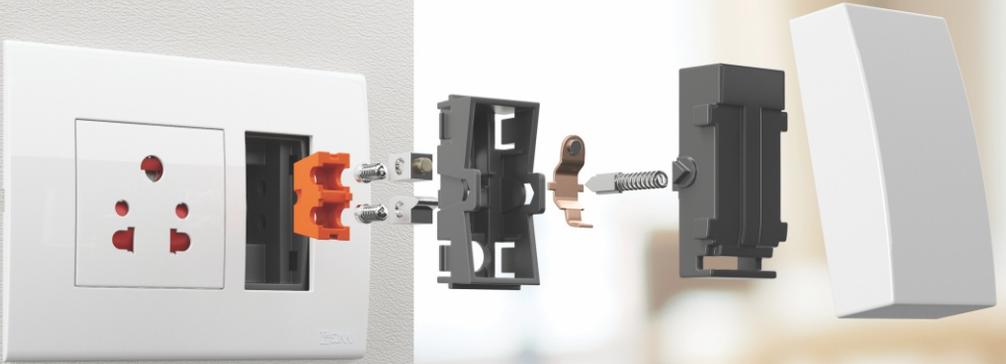

- Made From High Gloss Polycarbonate From World's Top Leading Makers Of Thermoplastic (Sabic & Bayer)
- UV+ Stabilized Prevents Yellowness

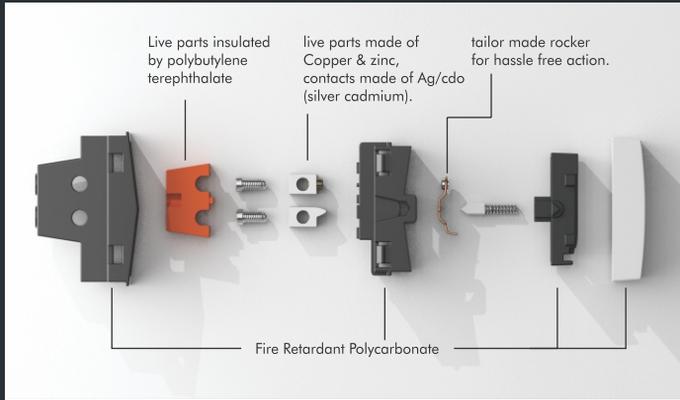

Evoke a force of cosmos with the lustrous finish so invincible. The high-quality Polycarbonate maintains its color and also its everlasting charm. It glorifies your space by making it utmost desirable. Therefore, never settle for anything less when we give you the best.

EXPLORE IN-DEPTH  
THE EFFORTLESS  
MECHANISM

# ASSORTMENT OF FUTURE-EDGE SWITCHES

Giving a future-edge to the legacy of innovation of KUNDAN through its new K-ONN series!

It carries the same reliability and trust which KUNDAN takes pride to share.

Marketed under the brand name KUNDAN that speaks for quality, reliability and affordability of our products which has achieved the reputation of a renowned brand thus has succeeded in retaining its leadership in the electrical arena over decades. From the crux of innovation, built on subtlety, which is ahead of its time. K-ONN brings a revolution through switches. Change is a must and only constant in this world so moving on to the necessities of the changing era, K-ONN tailored an array of revolutionary switches. It is a tremendous leap in terms of its aesthetics and mechanism with utmost superiority.

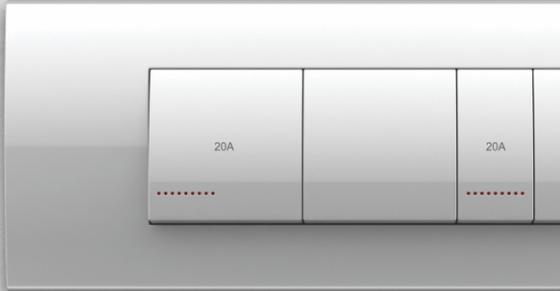

We adopt technologies that serve the purpose of the present and goes well with the needs of the future. It is time-compatible and keeps you a step ahead. Beauty and innovation brings out the best in things and on the similar note, we are working to create tailored electrical solutions that will redefine Innovation and will be according to your requirement. Eventually, the path-breaking switches are unconventionally proficient with beauty at par. The modular ranges are one of its kind and made lives convenient too. By creating exceptional, we got you covered.

# YOUR SHORT-CUT TO COMPLETE CARE!

## SWITCHES

- Terminal contacts with cadmium silver inside for long life
- Tested Upto 300000 On/Off operations
- Hi tech mechanism for long lasting and safe action
- Triple layer protections for ark free operations
- Live parts are insulated by housings made of polybutylene terephthalate (30% glass fiber)
- Excellent electrical insulation properties
- Fire retardant
- Very high temperature withstanding capacity
- Long lasting LED indicators
- Available from 10AX to 32Amp.

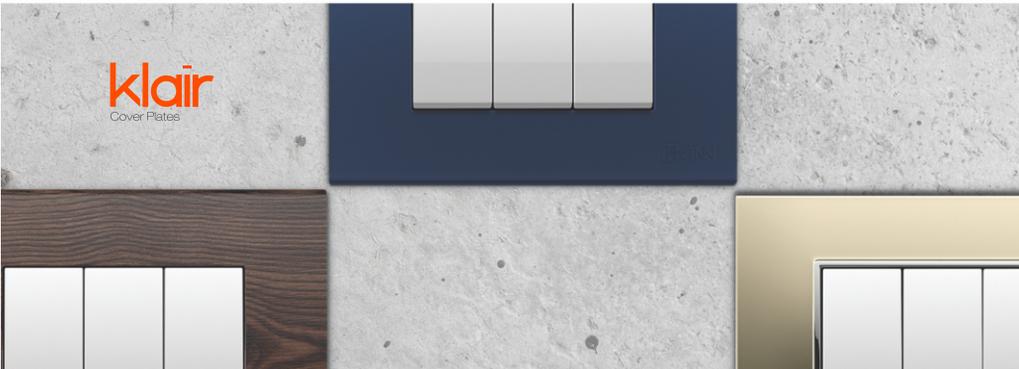

## SOCKETS

- Tested in the most rigid and robust ways for Indian conditions.
- 25A socket with 30% glass fiber reinforced polybutylene terephthalate holding live parts (does not melt)
- Firm mounting on frames using a sturdy snap-on system
- 30% glass fiber filled nylon for safety shutters
- Live parts of high grade electro-copper sheets for unwavering contact & uniform pressure which prevents burnouts.
- Available from 6Amp. to 25Amp. Sockets

**klair**  
Cover Plates

### DIMMERS/REGULATORS

- Step type with 5 speed levels
- Full rotary 360° knob rotation
- Perma- knobs for sturdy and stress free rotation
- Ergonomic designs for visual please
- Customized electronic circuit for total hum-free operation.

### USB SOCKET

- Hi Speed Charging
- Over heat & voltage current protection.
- Short circuit protection, DC 5v-2.1A
- Suitable for all android & iOS devices
- Input Voltage 100-300V~ 50Hz

**KLARIS**  
Cover Plates

### MODULAR PLATES

- High gloss polycarbonate from World's Top leading makers of Thermoplastic (Sabic & Bayer)
- Firm mounting of modules with Double grip Snap mechanism.
- Ergonomically designed wall plates to match your home décor with our high technical standard.
- Available in assorted colors to match your vivid thoughts/lifestyle.

## GIVING A FUTURE-EDGE TO THE LEGACY OF INNOVATION

Carrying forward the unmatched legacy of KUNDAN (a leading manufacturer of electrical accessories in India since 1968) introducing the all new K-ONN. With a remarkable leap of Innovation, quality and smart solutions, these switches are what we would like to say 'ZERO PROBLEM' switches.

K-ONN is your ultimate answer if you are looking for solution-based, oh-so-contemporary and outstanding electric solutions. The collection is articulated in metallic, vibrant and fictile colors with the intrinsic detailing and matchless craftsmanship. You get a perfect fusion of distinctive design, high longevity, and superior heat-resistance with unparalleled mechanism. It addresses functional needs along with the aesthetic demands of your interiors.

We don't leave any space for faults; the compact-fitting components give almost no scope to sparks, tension and fires. Moreover its complete Care feature is provided keeping in mind the health and happiness of your loved ones.

Go on with amazing feel & experience how our switches make a difference in your lifestyle. Your level of comfort is the only standard that denominates our concept devices to play apt roles in redefining luxury.
